Our Roots

The Fiorio philosophy is about styling hair that's realistic and beautiful. Be it natural, sleek, or tousled and sexy, it's always simple to wear, stunning to look at and easy to manage. With hair as an integral part of our personal identity, our goal at Fiorio is to create successful haircuts that work for the individual.

Fundamentals

The Fiorio Beauty Academy is a learning institution, as well as a working salon. We have created an environment that allows the students to gain the talent, confidence, and knowledge they need to apply the current trends and looks of today's demanding styles.

What We Do

Our courses offer training and education for the novice to the experienced stylist. We teach the Fiorio cutting, colouring, and styling techniques. In addition, students are educated on the current trends and styles of the industry. This knowledge and awareness enables students to unleash their inner potential by sparking a creative passion for hair.

Why Choose Our Academy?

Small class sizes ensure quality instruction and individual attention. Our state-of-the-art facility provides a professional and resourceful environment for the students. Job opportunities within Fiorio Hair Design are available to graduating students. Furthermore, the students are given the opportunity to learn directly from a highly respected industry icon, Maurice Fiorio.
